## **MMX 54ZM**

Mixer 4 zone con Mp3

4-zone mixer manages 3 inputs via XLR or 6.3mm Jack for connecting microphone or line signals and 1 RCA input. Microphone input 1 has a priority function. There is an MP3 module for playing songs from SD/USB. Rack-mountable with 1U footprint

Unique in its kind, it has 4 independent outputs to which the input signals can be sent as a matrix. Possibility to monitor the various inputs on headphones. Supports phantom power.

Line inputs         2           Mic inputs         3           Number of channels         5           Phantom Key         Yes, it allows to enable phantom power for condenser microphone           VU METERS         No           Rack space         1U           Pre-listening         Yes           S/N ratio         >65dB           Frequency response         20Hz - 20KHz           Voice priority function         Yes           Color         Black           Weight         1,5           Product dimensions         480 x 200 x 44 mm	Input connectors	XLR + RCA + Jack 6,3mm + Jack 3,5mm
Mic inputs   3	Output connectors	XLR
Number of channels         5           Phantom Key         Yes, it allows to enable phantom power for condenser microphone           VU METERS         No           Rack space         1U           Pre-listening         Yes           S/N ratio         >65dB           Frequency response         20Hz - 20KHz           Voice priority function         Yes           Color         Black           Weight         1,5           Product dimensions         480 x 200 x 44 mm	Line inputs	2
Phantom Key         Yes, it allows to enable phantom power for condenser microphone           VU METERS         No           Rack space         1U           Pre-listening         Yes           S/N ratio         >65dB           Frequency response         20Hz - 20KHz           Voice priority function         Yes           Color         Black           Weight         1,5           Product dimensions         480 x 200 x 44 mm	Mic inputs	3
VU METERS         No           Rack space         1U           Pre-listening         Yes           S/N ratio         >65dB           Frequency response         20Hz - 20KHz           Voice priority function         Yes           Color         Black           Weight         1,5           Product dimensions         480 x 200 x 44 mm	Number of channels	5
Rack space         1U           Pre-listening         Yes           S/N ratio         >65dB           Frequency response         20Hz - 20KHz           Voice priority function         Yes           Color         Black           Weight         1,5           Product dimensions         480 x 200 x 44 mm	Phantom Key	Yes, it allows to enable phantom power for condenser microphones
Pre-listening         Yes           S/N ratio         >65dB           Frequency response         20Hz - 20KHz           Voice priority function         Yes           Color         Black           Weight         1,5           Product dimensions         480 x 200 x 44 mm	VU METERS	No
S/N ratio	Rack space	1U
Frequency response         20Hz - 20KHz           Voice priority function         Yes           Color         Black           Weight         1,5           Product dimensions         480 x 200 x 44 mm	Pre-listening	Yes
Voice priority function         Yes           Color         Black           Weight         1,5           Product dimensions         480 x 200 x 44 mm	S/N ratio	>65dB
Color         Black           Weight         1,5           Product dimensions         480 x 200 x 44 mm	Frequency response	20Hz - 20KHz
Weight         1,5           Product dimensions         480 x 200 x 44 mm	Voice priority function	Yes
Product dimensions 480 x 200 x 44 mm	Color	Black
TOUR ZOON THINK	Weight	1,5
Power supply 110V - 220V	Product dimensions	480 x 200 x 44 mm
	Power supply	110V - 220V
