www.karmaitaliana.it

Simple, practical and extremely compact, this Bluetooth receiver can be connected to amplified speakers, stereo or car radio systems to receive audio from a tablet, smartphone or notebook. The range of action is about 10m. It incorporates a lithium battery rechargeable via USB cable (included). The total recharge takes about 2 hours and guarantees a autonomy of about 4.5 hours with standby up to 24 hours. Equipped with sleep mode for maximum energy saving, it includes a USB charging cable, a 3.5mm jack cable and a 3.5mm adapter for direct connection to the car radio or hifi system.

It offers speakerphone function and has 2 keys for track change or volume adjustment.
