Compact and lightweight, but extremely powerful. It can be fastened to the belt or worn thanks to the included strap. It is rechargeable and offers an autonomy of up to 5 hours. Just plug the wired headset microphone into the socket to make it ready for use. It is endowed with volume control and USB / microSD player for MP3 tracks.

Ideal for teachers, coaches, tour guides, conferences and for anybody necessiting of a small and performant device to amplify his voice. The built-in battery can be recharged via USB (cable included) or power adaptor (not included). It is recommended to use a 5V - 1A power source.
