Zoom microphone with dual capsule

Supplied in a practical padded case, for easy carriage, this is a professional zoom condenser microphone designed to pick up voice from a distance. Ideal for conferences, radios, meetings or other situations where the speaker is distant from the microphone. It features 2 microphone capsules: a wide-range one and and ultra-directional one. By means of the specific switch it is possible to select the one you need to use

is possible to select the one you need to use. The packaging also includes a windscreen sponge, two microphone holders for stands or cameras and a 8m XLR F/XLR M cable.
