Professional matrix amplifier operating at 8- 16 Ohm or 100V. It can handle 3 mic inputs and 4 line inputs on 6 zones (besides the channel intended for the MP3 module). It comes with dual mic inputs (XLR + 6,3mm jack) that can be powered by +48V phantom. It is endowed with 4 outputs through RCA connectors and, on the front, a 6,3mm jack for headphone with specific volume control. Each zone has its own independent volume control. Thanks to the multimedia module it is possible to play MP3 files from USB sticks or SD cards, bluetooth signals and DAB+ radio.

It also offers the possibility to adjust bass and treble independently for each input, connect an external alarm signal or control it using the button on the front panel (with volume adjustment). It can be connected to external control panels (PWC 2) and to a paging microphone (PM 2).

Matrix	Yes
DC Power	24V
Bluetooth	Ver. 5.0
RMS power	720W (6 x 120W)
Multizone	6 zones
8 Ohm max power	6 x 240W (1440W)
Impedance	4 - 8 - 16 Ohms
VU METERS	No
Phantom Key	Yes
Mp3 player	Yes
MP3 compatible	Yes
Input connectors	XLR + jack 6,3mm
Output connectors	Terminals
Line inputs	3 + 1 aux
Mic inputs	3
Constant voltage	100V compatible
Frequency response	80Hz - 16KHz
Color	black
Weight	8 kg
Product dimensions	448 x 88 x 405
Power supply	220V
