The perfect wireless microphone for any occasion. It is compact and easily transportable thanks to the small size of the receiver which is powered by a rechargeable battery via USB cable (included) and is endowed with a 6.3mm jack for direct connection to mixers, powered speakers etc. You just have to plug it into a microphone socket and turn it on together with the transmitter. The microphone is instead powered by two AA batteries (not included) and features a display showing the operating frequency and the battery charge level. The package also includes an anti-roll ring to be applied to the microphone, as well as a 3.5mm adapter for smaller microphone sockets. The range is about 25m with several hours of operating autonomy.

Diversity system	No
Frequency type	VHF
Autonomy	3 hours
Display	Yes
Operating range	> 25m
Receiver dimensions	115 x 20 x 35 mm
Handheld microphone's weight	0,20 kg
Frequency response	20 Hz - 20Khz
Color	Black
Weight	0,25
Product dimensions	45 x 45 x 240
Power supply	Built-in rechargeable battery
