

SCHEDA TECNICA / TECHNICAL SHEET

TG 10CH

Charging cradle for TG 10 series

It allows to recharge up to 10 units of TG 10 (transmitters and receivers) at the same time. You just have to connect it to a USB socket via Type-C cable and put the units into the charging housings, where they can be easily and safely positioned thanks to the magnetic system. The charger features a further Type C socket for connection of other chargers, allowing to recharge simultaneously multiples of 10 units. Thanks to its light weight and compact size it can be easily carried.
