Bluetooth 5.4 earbuds with display

USB type C Transmission method Bluetooth Kind of headphone/ earphones Bluetooth pods Adjustable volume Frequency response 20Hz - 20KHz Autonomy 4-5 hours Bluetooth Ver. 5.4 Charging time 1 hour 0,05 kg Weight Product dimensions 60 x 27 x 50 mm Power supply Built-in rechargeable battery

Latest generation bluetooth earphones operating with the

5.4 standard and offering excellent performances thanks to the high audio quality, the low latency and an extraordinary autonomy. The speakers with silicone tips, are perfectly isolated and enhance the basis cones.

With their "touch control― it is possible to change

track, pause the music and answer incoming calls just with a light touch. The display shows many functions and allows for example to take a picture from your smartphone,

activate the noise reduction start a countdown and much, much moreâ€l. Once put into the case the earphones will

be recharged to be always ready for use.
